

PRAY FOR INDONESIA

Pray for the **English Center:**

- that the Quinns* and others who work there will be healthy and safe
- that they will connect well with the students who want to speak English better
- that more students will find out about the English Center and come there
- that Christian students will shine the light of Jesus so that other students can see Him and believe
- that God will give courage to new Christians so that they will be faithful witnesses

Pray for the women of **Freedom House:**

- that they will never return to their former lifestyle
- that their children will have healthy relationships and a real childhood
- that their families will welcome them home
- that they will know God's love
- most importantly, that they will find salvation in Jesus Christ, Who changes lives forever

[Prayerwalking]

Prayer for the cities:

About half of Indonesia's population lives in cities—at least 124 million. Pray for these people the same prayers that Howard Brackey's team members and church partners pray. Here is how they pray as they walk the streets where they want to reach people for Christ:

- Pray for Indonesian believers to live in obedience to God, and to share the story of Jesus, fearlessly and clearly.
- Pray for receptive hearts to the gospel in cities and that the spiritual eyes of the people there will be opened.
- Pray that non-believers will repent, believe, and that their lives will be transformed.
- Also pray for Howard Brackey* and others who prayerwalk in Indonesia. Pray for wisdom and safety for them. Pray that Christians everywhere will pray for the people where they live.
